Creating a bicycle friendly city

Bicycle Route Definitions

Shared use path: Provides for bicycle travel on a right-of-way completely separate from any street or highway. Such paths could have steep grades and bicyclists may share the right-of-way with pedestrians.

Bike Lane: Provides a striped and signed lane for one-way bike travel on a street. Generally located on wider and safer streets than class III bikeways.

Signed Shared Roadway: Provides signs only for designated bicycle travel on roadways shared with cars.
